To Whom It May Concern:

I am pleased to write a letter of recommendation for Jodi Crawford.

Jodi has been part of the Bravo! Television Network since May of 1996. Since then she has worked full-time as a Production Assistant in our Communications Department and as part of our On-Air Promotion and Production team. She has written press releases, been our liason with print media and the arts community, edited our monthly program guide, provided internet content, handled on-air graphics, edited on-air promos and assisted in live concert productions.

Jodi has played a key role in the success of Bravo!. She is organized, dedicated, reliable, ambitious and always willing to do whatever it takes to create work of the highest standards. She writes well, is technically proficient and can handle the pressure of live production. She is also a pleasure to work with and a real team player – which is why I have no hesitation in recommending her to you.

Sincerely,

A handwritten signature in black ink, appearing to read "John Gunn". The signature is fluid and cursive, with a large initial "J" and "G".

John Gunn
Director of Production
Bravo! Television
